

CONSCIOUS RESILIENCE

Notebook / 1997-2017

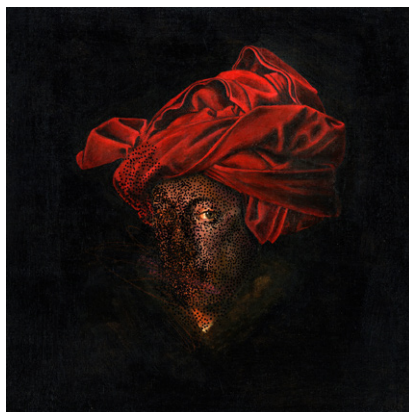

Born on March 4, 1968, Olivier Pestiaux “accidentally” made an automatic drawing in a black notebook . It was not until a few days later that he became aware of the content of his drawing: a falling car, a depiction of a tragic accident that had occurred a few months earlier.

The activity of filling the notebooks started like a promise.
